Story of US Women's Soccer Team to Air on HBO

Documentary entitled *Dare to Dream* debuts December 11

Dare to Dream: the Story of the US Women's Soccer Team will make its debut on Sunday, December 11, 2005 at 8:00 p.m. (EST) on HBO.

The documentary explores the unrivaled phenomenon largely created by five individuals (**Mia Hamm, Julie Foudy, Brandi Chastain, Kristine Lilly and Joy Fawcett**) who played together for 17 years on the US National Team. Their enduring perseverance and success reshaped the American sports landscape, empowering millions of young girls to dream and achieve their goals, as well as establishing themselves as powerful marketing icons.

Addie Fisette Tournament

Jose Dymasco, Bulls Staff Coach and Director of our Youth Development is organizing a 3v3 soccer tournament as a fundraiser. Kealii (Kane) Fisette's four-year-old daughter, Addie, was diagnosed with a form of Leukemia and will be undergoing treatment and medical care. This fundraiser is for 4-year old Addie Fisette. All proceeds from the 3v3 Tournament will go to support a fund for the stricken granddaughter of Mike Kane (a long time coach in Hawaii.) Your donation to enter the 3v3 tournament is the entrance fee.

The 3v3 tournament is scheduled for Saturday, December 10th from 8:00 a.m. until 5:00 p.m. at Waipio Soccer Complex. In keeping with the spirit of this tournament, this is a friendly non-competitive tournament requiring several volunteers (referees, people to setup and takedown, etc.). All ages and playing ability are eligible to play. All players will sign a waiver of any liability, releasing the tournament coordinators from ANY liability which may arise from their participation. Games will run 12 minute halves and will follow all other FIFA regulations.

Let us join together and give back to the Kane family who has given so much to our soccer community.

Parents & Coaches – Please Read

Written and published by Scott R. Keopuhiwa, President, Hawaii Youth Soccer Association

“Kick him again, Chad!” “Take her out!” “Hey Ref, What the F__ _!?”

These are just 3 of the appalling comments I have recently heard while attending youth soccer games. An even more frightening fact is that 2 of the 3 above quotes were heard at U8 and U10 games. To think that parents would say these things is unconscionable. How would you feel if someone said this about your daughter or son? What if someone was yelling those things at you?

In this day of violence in our streets, violence in our schools, violence on the news and violence in video games, it seems to be creeping more and more onto (or around) our soccer fields. The problem is complex and the causes could be debated endlessly. While this violence is something we all hope to avoid, I feel it is something that we must actively work against. There has been an increase in the number of incidents involving PARENTS and COACHES.

Whether its on the nightly news showing a high school basketball player charging a referee; or a professional soccer player at Aloha Stadium throwing a blow after being fouled, our young people are being exposed to more and more violent

behavior and attitudes. Our soccer fields should be a place of fun for children to participate and enjoy the game of soccer. We all need to actively promote this. PLEASE be more aware of your own behavior, as well as that of the coach and/or other parents. Be proactive! Don't wait for the referee to come over and warn the coach about fan behavior. If you see a team parent becoming “too involved” in the game and possibly losing control, say something. I'm not encouraging a confrontation, but one parent should be able to walk up to another on the same team and say “its okay, calm down.” Please remember, this is YOUTH soccer. It is not the World Cup, the Super Bowl or the World Series...and even if it were, poor behavior is still unacceptable.

In addition, something should also be said about the way that referees are treated. It is never okay to yell, scream or hurl insults at the referee whether they are in the center or on the line or whether they are a youth referee or one of our senior referees. The fact of it is that our referee population is limited and each season we lose a few more that feel it's just not worth it to put up with the verbal abuse.

Please take this as a friendly reminder from HYSA that sideline behavior by both coaches and parents needs to be one of positive cheering and support for the players. Coaches - please remember, you are responsible for the behavior and actions of your team (parents included).

Editor's note: The HSC Bulls Director of Coaching, his staff and Board of Directors fully endorses this message from the HYSA president.

Aloha from Oregon

I would again like to thank the parents and players of the '96 girls for the great going away party last January. If there were other parents involved, I want to thank them as well. There were parents and players at the party that I have not

seen for some time, except on the fields. The number of parents and players who came to the party touched me deeply.

Carol and I are pretty much settled in our new home in Silverton, Oregon. We see our grandsons at least once a week, which is much better than once a year.

Because we have finally been able to obtain a satellite internet connection, I am able to reassume my old job as editor of this newsletter—something I had agreed to do before I left Hawaii. I would appreciate team managers adding me to their e-mail list. I welcome any items of interest for the newsletter. My e-mail address is aubreylr@gotsky.com. I also would like to thank Bill Brennen for stepping up and doing the job during my absence.

Congratulations Coach Jill

On Sunday, December 18th, Jillian Okamoto will receive her degree of Bachelor of Arts in Speech from the University of Hawaii. For those who do not know her, she has touched the lives of the 95 through 97 girls. After her playing years with the Bulls, she volunteered to be a Bulls coach. So if you see her on the pitch, please give her a job well done and encourage her to keep up her good work with the teams.
